امتحان الشهر الأول

READING

(10 Marks)

**Q1: Read the text and answer the following questions:**

Masdar City is a special new neighbourhood in Abu Dhabi, the capital of the United Arab Emirates. The designers are creating houses and buildings that are all new. The buildings do not use much energy because they use traditional materials. An example is the mosque. In the UAE, mosques used to be made of earth from the ground. We usually build new mosques using stone, but they used the same earth as traditional mosques to build the new Masdar City mosque. That is because the material keeps the building cool. The mosque also produces all the energy it needs using solar panels which take energy from the sun.

The buildings in Masdar City are very close together so that there is not much sun on the pavements. There are no cars and most of the roads are for walkers and bikes. You can also travel on electric buses.

Many school students visit the city on school trips. Teenager Hani Akel,14, told us, 'This is such an exciting project. It's not only creating an amazing new city for people to live in It's also using green technology that could really change our cities in the 21st century.'

1. What is Masdar City? .....
2. Is there a lot of pollution in big cities? .....

3. Where is Masdar City located? .....
4. Why don't the buildings in Masdar City use much energy?  
.....

- 1.They want to have **either** spaghetti **or** pizza.  
2.They can play **either** football **or** basketball.  
3.He can watch **either** a play **or** a puppet show.

## Q5 B: Suggested Answer

### A place I want to visit

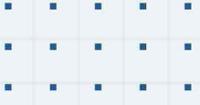

One day, I'd love to visit Tokyo, the capital city of Japan. Tokyo is located on the eastern coast of Japan and is one of the largest and most modern cities in the world. It's famous for its mix of traditional culture and technology.

The most famous place in Tokyo is the Tokyo Tower, which looks like the Eiffel Tower in Paris. What's interesting about Tokyo Tower is that it lights up beautifully at night and offers an incredible view of the entire city.

The best times to visit Tokyo are during spring and autumn when the weather is pleasant. Spring, especially in April, is the time I want to visit because I like to see the beautiful flowers of Japan.

I'm very excited about this trip and I know I'll have a great time! Tokyo has so many unique things to explore, from its delicious food to its amazing shopping streets. I can't wait to experience the culture and the lively atmosphere!

*Best wishes*
